Aside from the revision to the fixed spread for the 7.05% Trust Notes, all other terms of the Tender Offers are unchanged.

The Tender Offers are scheduled to expire at Midnight, New York City time, on November 6, 2013, unless extended or earlier terminated with respect to any series of Notes. Holders must validly tender and not withdraw their notes before 5:00 p.m., New York City time, on October 23, 2013, unless extended with respect to any series of Notes, to receive the applicable total consideration, which includes an early tender payment of \$50 per \$1,000 principal or liquidation amount, as applicable, of Notes accepted for purchase (the "Total Consideration"). Holders who validly tender their Notes after 5:00 p.m., New York City time, on October 23, 2013, unless extended with respect to any series of Notes, but before the offer expires, will only receive the tender offer consideration, which is the Total Consideration minus \$50 per \$1,000 principal or liquidation amount, as applicable, of Notes tendered and accepted for purchase (the "Tender Offer Consideration").

A tender of Notes may be validly withdrawn at any time up to 5:00 p.m., New York City time, on October 23, 2013, unless extended with respect to any series of Notes, but not thereafter.

The Total Consideration for each \$1,000 principal or liquidation amount, as applicable, of Notes validly tendered and accepted for purchase pursuant to the Tender Offers will be determined in the manner described in the Offer to Purchase by reference to the fixed spread over the yield to maturity of the applicable U.S. Treasury Security specified for each series of Notes on the cover page of the Offer to Purchase, as calculated by the Dealer Managers at 2:00 p.m., New York City time, on October 24, 2013, unless extended with respect to any series of Notes, as shown in the table above.

In addition to the Total Consideration or the Tender Offer Consideration, as applicable, holders whose Notes are accepted for purchase will receive accrued and unpaid interest or accumulated and unpaid distributions, as applicable, up to, but not including, the settlement date, which is expected to occur promptly following the expiration of the Tender Offers.

The Tender Offers are subject to the satisfaction or waiver of certain conditions set forth in the Offer to Purchase. In particular, the Tender Offers are conditioned on the completion of one or more financing transactions on terms reasonably satisfactory to the Exchanges resulting in the issuance of surplus notes by the Exchanges in an aggregate principal amount of no less than \$350 million and receipt of the requisite

regulatory approvals related thereto. If any of these conditions are not satisfied, none of the Exchanges would be required to purchase any of the Notes tendered. The proceeds from such surplus note issuance, together with cash on hand, would fund the cash required to purchase the Notes validly tendered and accepted for purchase.

The complete terms and conditions of the offer are set forth in the Offer to Purchase. Holders of the Notes are urged to read these documents carefully before making any decision with respect to the Tender Offers.
