**Oklahoma Insurance Commissioner John Doak Commends Farmers for Taking the Lead in Providing Important Coverage for Ride-hailing Drivers**

WOODLAND HILLS, Calif., Jan. 4, 2016 /[PRNewswire](#)/ -- Farmers Insurance®, one of the largest multiline insurer groups in Oklahoma announced the introduction of its new Rideshare Insurance Coverage which is designed to make Rideshare Insurance Coverage options available for ride-hailing drivers in Oklahoma, beginning today.

"As a leading provider of automobile insurance in the U.S. and a market leader in the ride-hailing insurance market, Farmers has developed this innovative Rideshare Insurance Coverage to offer Oklahoma ride-hail drivers coverage options as part of their Farmers personal auto insurance policies," said Mariel Devesa, head of product innovation for Farmers Insurance. "We recognize that consumer needs are continuing to evolve and our ability to provide this important coverage to customers is a further demonstration of our commitment to meeting changing consumer demands."

Farmers worked with representatives of the Oklahoma Insurance Department, legislators and leaders of Transportation Network Companies (TNCs) to develop a product specifically designed for ride-hailing drivers and make available a type of insurance coverage specified in Oklahoma's new ride-hailing law.

Under the new Oklahoma law, ride-hailing drivers will be required to have insurance coverage from the moment they turn on their rideshare app. Since personal automobile insurance policies generally were not designed to provide ride-hailing drivers with coverage while they are working, the introduction of this new coverage will help to fill a potential gap in coverage.

"Oklahoma's new law is an important step to better protect drivers and passengers," said John Doak, Oklahoma's Insurance Commissioner. "I want to commend the industry, including Farmers Insurance, for offering an innovative new product that gives Oklahomans another layer of protection. Products like these are good for consumers and promote economic growth in our state."

Beginning today, the Farmers Rideshare Insurance Coverage can provide Farmers customers coverage when a driver turns on the ride-hailing application and during the time the driver is awaiting a match. The Farmers Rideshare Insurance Coverage will extend a driver's Farmers auto insurance coverage until they accept a ride, at which point their TNC affiliate's commercial insurance coverage would apply.

Farmers Rideshare Insurance Coverage enables a driver to select the coverage that fits their needs; including comprehensive and collision coverage that can pay for damages to their own vehicle, uninsured/underinsured motorist coverage (in case they are hit by a driver who isn't insured or is underinsured), and Medical Payments coverage.

While coverage choices and premiums will vary by individual, the additional coverage provided by the Farmers Rideshare Insurance Coverage endorsement will generally add approximately \$15 per month to a customer's premium.

Farmers is making it simple for existing customers, and others interested in a Farmers policy, who are rideshare drivers to quickly and easily secure this new coverage by calling their local agent or the following toll-free number, 855-808-6599.
