

As Severe Weather Continues to Batter Texas, Farmers Insurance Deploys Additional Staff to Help Customers

LOS ANGELES, April 25, 2016 /PRNewswire/ -- As rain, hail, wind and other severe weather continues to pummel the state of Texas during the month of April, Farmers Insurance® has deployed additional specially-trained Catastrophe Claims Team members to provide front-line assistance to affected customers.

The recent round of severe storms, which brought additional large-sized hail, heavy rain and strong winds, moved through Houston, San Antonio and other communities in southern Texas. In response, Farmers has increased its staff in the area to handle the additional claims that have been received. Customers are urged to use the online filing system when possible to prevent lengthy call times.

Farmers Insurance estimates that this latest round of severe storms will ultimately result in more than 30,000 and more than \$200M in additional damages.

Farmers Insurance encourages customers to continue to monitor the weather and prepare for potential future storms. If a storm is imminent, Farmers advises residents to try to place cars in covered areas, bring in breakable items from outside, especially things like glass table tops, and to remain vigilant for potential tornado watches or warnings.
